

bilinear_class::bilinear
_resample

```
graph LR; A["bilinear_class::bilinear_resample"] --> B["math::iden"]
```

A diagram showing a mapping from a function in the `bilinear_class` namespace to a function in the `math` namespace. The source function, `bilinear_class::bilinear_resample`, is represented in a gray box on the left. A dark blue arrow points from this box to a white box on the right, which contains the target function `math::iden`. Both boxes have black borders.

math::iden
